# CELEBRATING 25 YEARS: COMMISSION FOR WOMEN OF BOSSIER CITY

March is Women's History Month, a time to honor the remarkable women who have shaped the legal profession and advanced women's rights. From breaking barriers in courtrooms to advocating for justice, female attorneys and legal pioneers have played a crucial role in shaping the legal landscape.

Over the years, women's rights in the legal profession have evolved significantly. Laws banning gender discrimination in hiring and education have allowed more women to enter and excel in law. Today, women make up nearly 40% of attorneys in the U.S., with many serving as judges, law firm partners, and policymakers.

As we celebrate Women's History Month, we recognize the resilience and contributions of women in law—past, present, and future. Their dedication continues to inspire progress and equality in the legal field.

At Ryan E. Gatti Law Firm, we are committed to giving back to our community and supporting organizations that make a difference. We are proud to contribute to the Commission for Women of Bossier City and their annual Inspiring Women Week events.

Since its founding on May 29, 1986, the Commission has worked to empower women and young ladies by fostering confidence and independence.

This year, proceeds from Inspiring Women Week will benefit the Ronald McDonald House Shreveport-Bossier, which provides vital support to children and families in need. Since 1981, Ronald McDonald House Charities of Arkansas & North Louisiana has been dedicated to creating and supporting programs that directly impact the well-being of families.
